## Media Release

For Immediate Release

### Marintec China to be Rescheduled to June 2022

**Hong Kong, 19 November 2021** – Marintec China, the largest and the most important maritime event of the year, was scheduled to be held on the 7-10 December 2021 at the Shanghai New International Expo Centre, it is announced today the 21st edition will have to be rescheduled to June 2022. In consideration of the travel restrictions in China for domestic exhibitors and visitors and with the restrictive quarantine measures for foreign exhibitors and visitors due to Covid – 19 measures. The Organising committee of Marintec China has had to follow China rulings and reschedule the show to 2022 so that the environment will be best for all participants to maximise their opportunities to conduct business.

For more than four decades, Marintec China has grown together with the global maritime industry, we have witnessed the huge shipbuilding industry transformation in China and experienced the rapid development in one of the world's leading maritime hubs today, Shanghai, where Marintec China is hosted. With the year-long preparation of the event, this has been a very difficult decision, but it is the right decision considering current COVID-19 measures in the local markets.

Marintec China remains always committed to delivering a high-quality event that will offer true value to all participants and we are optimistic about the future of the maritime industry. We look forward to welcoming you in Shanghai in 2022.

More details will be announced shortly.
